- They know who to speak to and where to go for careers advice.
- Students already considering a number of educational routes post 16.

Areas for Development

- Further careers guidance is needed by our students for them to feel confident about future decisions and help them plan next steps.
- More guidance on how students can achieve the career of their choice and the qualifications needed.
- More use of assemblies, PSHE lessons and talks within form time about careers guidance.
- Careers Guidance needs to be made explicitly clear to Students about what it is.
