
Career Connect

<https://careerconnect.org.uk>

Your Career Connect Advisors are Nicola Scully and Elizabeth Saunders.

As part of Career Connect, we aim to provide impartial information, advice and guidance to help young people make realistic choices about their future education, training and work.

As the Career Connect Advisor in the school it is my job to help identify options for suitable career, build CV's, help students prepare for interviews, advise on College applications and where to look for jobs.

In order to make an appointment with the Career Connect Advisor, students can request to see them through their form tutor, or drop into the Careers Office during lunch and break times on Wednesdays and Fridays.

If any parents would like to speak to the Career Connect Advisors regarding their child's education, please contact the school directly or email:
